

Have you heard the latest news?

We're excited to announce that we're creating two 'hubs' for community access.

Even though we aim for our programs to be integrated into the community, we know how important it is for our clients to have a base venue - somewhere that is familiar, friendly and combines similar activities. That's why we are creating the Skills Hub in Mornington, and a Create and Fit for Life Hub in Moonah.

These facilities will be fit for purpose venues that are safe, designed to help our clients reach their goals, and flexible so we can continue to be innovative in our programs.

SKILLS HUB

17 Electra Place, Mornington

At the **Skills Hub** (Mornington), programs will have a primary focus on developing capability and independence through technical skill development. We will also take advantage of the land surrounding this property to develop a workshop and expanded vegetable garden.

The Skills Hub will offer programs such as -

- cooking
- volunteering
- money handling
- woodwork
- work readiness
- gardening

CREATE AND FIT FOR LIFE HUB

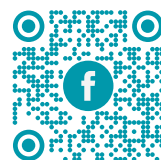

2A Pierce Street, Moonah

The **Create and Fit for Life Hub** (Moonah) will include a range of creative activities and programs. This facility is within walking distance to the Moonah Arts Precinct and will enable greater collaboration with other community organisations

Programs and activities will include -

- performance
- gaming
- multimedia
- bowling
- photography
- active
- radio program
- Made by Mosaic

Stay tuned to our socials for updates.
